

# RENO SPA-TACULAR SALE

## - Updates -

Each live consignment in the sale is sold as **BUYER SATISFACTION GUARANTEED**. If the individual sold is different than represented at the sale and brought to Dallas Burton's attention within one week after the sale, the purchase will be termed a no sale.

**SALE ORDER:** As listed in Catalog - Lot 1 through 42.

**LOT 2** - +231 over PA. Dam is fresh one month with an awesome udder! Sold embryos this week to Germany. Easy VG heifer!

**LOT 3** - A Full Brother is +866 NM\$ and going to Accelerated Genetics. Extreme Production and a Unique Sire Stack!

**LOT 4** - Dam is due in February, 2015

**LOT 5A** - Carries BY Haplotype. Lloyd Simon visited the herd on Monday and took a close look at Lot 5A and her dam, 5B. His comments: "Calf looks just like her photo. Very dairy, quite open in crops, a bit of a set leg that she likes to keep too far behind. Dam is good sized with nice width throughout. Pins are up a bunch, legs back a bit, but she handles it well. Udder is the best part of her." Calf is +235 over PA.

**LOT 5B** - Milked 115 lbs/day 3.7%F - 3.4%P on July 30th test. Record to date: 2-00 3x 123d 12460 3.9 485 3.1 381 RIP  
She is 87%RHA-NA.

**LOT 6** - GTPI PTA +175 combined Fat & Protein

**LOT 8A** - Monterey x Sparkle due March 10, 2015. 2nd Choice from 6 ultrasounded females. Built-in PA +2511GTPI! First Choice sold for \$22,000 in 2014 National Convention Sale. 35% down of selling price. Seller guarantees at least one female above PA or a 30% reduction in selling price.

**LOT 8B** - Powerball x Sparkle due April, 2015. 2nd Choice Female of 16 transfers. Built-in PA +2460G! 35% down of sale price. Seller guarantees at least one female above PA or a 30% reduction in selling price.

**LOT 9** - T-Spruce Armitage 4678-ET now GP-83, FC85; DS82; FL80; MS84. Definitely has potential to be VG cow. Milking ove 90 lbs/day on 2x easily. Sire stack: Tango x Armitage x Baxter x Goldwyn x Outside x Durham. From a family that flushes really well!

LEXVOLD TANGO LOVE-ET  
SELLS AS LOT 9

T-SPRUCE ARMITAGE 4678-ET GP-83  
DAM OF LOT 9

**LOT 11** - Full Brother to **11B** is **Zahbulls Flame Gogebic-ET**, currently at GTPI +2651G. Maternal brothers to dam of Lot 11 are:  
**Zahbulls Alta1stClass-ET** - GTPI +2611G and **Zahbulls Halogen Giant-ET** - GTPI +2573G

"Three bulls from the same cow family over +2570 GTPI, and two of the three are over +2600G! This family has proven to make outliers as well as any other cow family in the breed - and that is no overstatement - it's just the facts! On top of all that, this is the same cow family that produced the proven bulls, Garrett, Gerard and Gabor!

The dam of Lot 11 is due to calve 9/12/2014 and she looks really good. Steve Beralnd saw her today and she is just what a modern looking bred heifer should look like. She is a little above average for stature but well above average for strength. She has a really good front end, correct rump angle and correct feet and legs. Her udder promise is very nice at this point, showing a deep cleft, promising rear udder and correct teat size and placement."

**LOT 11A** - **Zahbulls Greenway Gypsy-ET** (Replaces full sister Geneva)

840003013279075 • Born: April 27, 2014

**9K GTPI +2437G**

PTA +1671M +53F +48P 69R 6/14

PTA +782NM -.03%F -.01%F

PTA +6.7PL 2.76SCS +3.2DPR 3.2%DCE

PTA +3.03T +2.53UDC +2.11FLC 68R 6/14

Steve Berland on Gypsy: "Gypsy isn't as high on production (as her full sister), but she is exactly the same for TPI and a fair amount higher for Net Merit. In fact, she is +3.2DPR which is extremely high. Following the April run, there were only 5 calves that were at least +2400GTPI, +3.0T & +3.2DPR. I'm sure there are more now but the point is that combining extreme type with extreme DPR is not that common."

**LOT 12A** - Princess x Powerball due April, 2015. 2nd Choice Female from 18 transfers. Built-in PA +2437 GTPI. First Choice Female sold for \$18,200 in 2014 Day at the Derby Sale. Princess is potential 6th Generation VG or EX! 35% down of selling price. Seller guarantees at least one female above PA or a 30% reduction in selling price.

**LOT 12B** - Princess x Alta1stClass due February 15, 2015. 2nd Choice Female from 8 pregnancies. Built-in PA +2505GTPI. Her First Choice Female sold for \$18,200 in 2014 Day at the Derby Sale. Her First Choice Female in the National Convention Sale brought \$26,000! Seller guarantees at least one female above PA or a 30% reduction in selling price.

**LOT 14** - GTPI PTA +149 combined Fat and Protein.

**LOT 15** - Embryos at Trans Ova, Maryland. Exportable. Eligible for Canadian export when border opens.

**LOT 16** - This is an exceptionally good calf! She is well-grown, aggressive calf typical of the cow family. She has a very correct, wide rump. She is wide chested, straight topped and long bodied. The feet and legs are correct. This is a perfect calf for a breeder with high-type aspirations who would like to also get into the genomic market. There is no Planet or Oman in this pedigree so she will be easy to mate. Lot 16's dam, Crimson, is fresh with her 3rd calf at 6-09 and looks outstanding. She had 157 lbs/day 2x 1st test.

LARCREST CARMELITA-ET  
SELLS AS LOT 16

**LOT 17** - This is a very nice calf that definitely resembles her dam. She is straight topped, open ribbed and dairy. Her feet and lets are correct, and she has some style. Not too often that you have a chance to bid on calves that are this high for TPI and Net Merit that have a maximum score dam and grandam! This calf is already +832NM and +2371 GTPI, but at +63P she will like the upcoming changes to those indices too!

**LARCREST CORONATION-ET**  
SELLS AS LOT 17

**LOT 19** - Early March Show Calves - need to be pushed to meet their genetic potential.

**LOT 20** - Select Sire and TAG contract interest. +178 over PA.

**LOT 22** - Select Sire and TAG contract interest. +237 over PA.

**LOT 23** - New Photos Added:

**MS ROLLNVIEW GOLD DIVINE-ET VG-88**  
SELLS AS LOT 23

**HOVDEN BMORE DIZINE**  
SELLS AS LOT 23A

**LOT 25** - GTPI PTA +166 combined Fat and Protein.

**LOT 26** - High genomic numbers for heifer her age. Ready to flush.

**LOT 27** - Ken Melvold saw the calves Tuesday and determined there are 3 super nice calves to pick from. Dam is fresh again and looks to be an easy Excellent when scored next time. Maternal sister to dam recently named Grand Champion at State Show.

**LOT 28** - Two outstanding calves! \*RC status on 28A is unknown. 28B - \*TR.

**LOT 29** - Super balanced Sr. Heifer Calf - 54" tall.

**LOT 30** - Out

**LOT 31** - Two really nice cows to pick from!

**31A** - 1st test 82 lbs/day 4.8%F - 3.1%P SCC 32,000. Bred July 24, 2014 to 7H012042 Sonnek GC Corvette-ET.

**31B** - 1-11 2x 147d 9250 3.8 347 3.2 297 RIP. 78 lbs/day last test SCC 157,000. Bred May 21, 2014 (pregnant) to 14H07275 Kenmore Alchemy Trak-Red-ET.

**LOT 32** - Dam completed record: 2-00 3x 365d 27088 3.8 1019 3.4 930 Embryos have been exported.

**32A** - RED & POLLED! +167 over PA.

**32B** - \*RC & POLLED!

**LOT 33** - "Really a sweet heifer!" quoting Ken Melvold.

**LOT 36** - 2nd dam: Maternal sister to EX-92 Res. All-California.

**LOT 37 thru 41** - Will sell each group of embryo lots by sire, sell as "A", "B", "C", etc. Embryo lots not sold (if any) will be put together at end of auction. Most embryos are DT, some frozen conventional. Information announced at sale.

Consignor is: Ocean View Farms, Marvin Nunes 707-838-8817

**LOT 42** - THREE OF A KIND! All from the internationally famous Debutante Rae Family! New photos added:
